# HARPS

Housing and Recovery  
Peer Services

*Supporting peers through  
Supportive Housing Services in  
Clark, Skamania and Klickitat  
counties*

# Our Mission

We strive to assist individuals in finding and maintaining a safe and affordable place to live while promoting personal growth and wellness.

Our supports are non-clinical, because we draw on common experiences as peers to provide empowerment, guidance and encouragement to take responsibility and actively participate in recovery.

# What is HARPS?

We are Peers having lived experience with mental health and/or substance use disorders. We use our own experiences in supporting reduced homelessness, increased recovery and resiliency of individuals.

We support individuals with serious mental illness, substance use disorder and co-occurring disorder, who are exiting from, or at risk of entering, inpatient hospital or substance use treatment settings, who are also experiencing homelessness or at risk of losing housing or shelter.
